Youth Workforce Innovations Conference

Discover Careers of the Future!

The Youth Workforce Innovations Conference provides 10th and 11th grade high school students the opportunity to learn more about growing career fields within the Rochester Region. Career fields were originally identified through the Workforce Innovations Regional Economic Development (WIRED) project and have since expanded to include additional career areas.

The conference features a keynote address by Jennifer Indovina, CEO and Co-Founder of Tenrehte Technologies, Inc. Students have the opportunity to attend two workshops of their choice led by faculty from the Rochester Institute of Technology.

Thursday, April 16, 2015

- Who:** 10th and 11th grade students from member districts
- Where:** Rochester Institute of Technology
Albert J. Simone Center for Student Innovation and Entrepreneurship,
Building 87
- Cost:** No cost for members

- 10:55 – Noon Workforce Area 2 Workshop
- 12:15 – 12:55 pm.. Lunch
- 1:00 pm Departure

Keynote Speaker:

Jennifer Indovina is a clean tech entrepreneur, political energy advisor, and TED Fellow, who is currently working to spread energy efficiency initiatives worldwide. Jennifer is the CEO and Co-Founder of Tenrehte Technologies, Inc. a clean tech company that produces wireless consumer electronics products. Tenrehte's first product, the PICOWatt® Smart Plug, is an energy saving outlet adapter providing remote control over the power that devices consume. The PICOWatt® Smart Plug has received international recognition, winning the 2010 Best of CES Green Product Award, as well as being featured in the New York Times, Popular Science Magazine, Treehugger.com, and BusinessWeek. Jen's latest TED talk: Eliminating Power Poverty can be viewed on YouTube.
